COZY CAMP...

located on a small peninsula jutting into the clear, spring fed waters of Lake Nosbonsing is nothing short of spectacular...as is the exceptional condition of our cottages, gardens and grounds.

We pride ourselves, and know you will be pleased with the quality of our camp.

We invite you to spend some time with us, relax and gaze out over our clear lake, breathe the fresh air and bask in the sights & sounds

of a comfy cottage holiday on the shores of our beautiful lake. Snuggle up by a camp fire and be amazed at the number of stars shining in our clear northern night sky.

Most of our cottages are at water's edge, dotted along the shoreline of our peninsula.

Each is nestled into a grove of trees; offering you dappled shade, a great view out over the lake and privacy.

Each cottage is provided with a dock. Should you wish to bring along your own boat, our level ramp makes for trouble-free launching. Each cottage yard is equipped with a picnic table and fire pit. Firewood is provided free.

For your safety and security, night lighting is provided throughout the grounds & gardens.

Our sandy horseshoe-shaped beach is ideal for swimming, playing, and generally lazing in the fresh air and sun.

Enjoy the 30 x 30 sundeck, make use of the ample supply of loungers & lawn chairs and help yourself to the beach toys. Our beach provides

a clean, sandy, shallow entry ~ ideal for playing children.

For those who are young, and, young at heart, we offer horseshoe pits, volleyball, badminton and other lawn games.

Thursday evenings we host a 'group campfire night' at the beach. Bring along your marshmallows and hotdogs and join in the fun! During the summer months, you are invited to participate in, and enjoy, our Friday night Potluck Supper.

For the Fisherman...

Lake Nosbonsing offers almost any type of fishing desired. Pickerel, pike, black bass, muskie, sunfish and perch are plentiful during the best fishing months of May, June and September.

Bait, gas, ice, pop machines and pay phones are on the premises for your convenience.

For those interested in canoeing, kayaking, boating and water skiing, the lake in front of our camp offers ideal conditions.

The inviting, family-friendly atmosphere that abounds at Cozy Camp has our cottagers returning to vacation with us year... after year... after year.... after year!

We pride ourselves on providing everything you'll need for a care-free, comfortable and fun-filled holiday.
